SUMMER INTERNSHIP PROGRAM 2020

How do we do it?

This internship program is an ideal opportunity for students of faculties of Computer sciences who want to pursue a career in IT industry. The program will have a defined structure and the support provided by mentors.

This internship provides the opportunity to:

- Meet experts and technologies
- Learn to work in a team and solve real business problems
- Understand how one successful multinational company operates
- Apply and test your knowledge and skills
- Increase your chances for future employment

How does internship plan look like?
